

## **Hesston College Food Service**

### **Food Allergy/ Intolerance & Other Special Diet Requests (2011-2012)**

**(Please complete this section as it applies.)**

Hesston College Food Service strives to safely serve well-balanced, healthy meals for students, faculty, staff and other guests.

Education, cooperation and teamwork are the keys to safely serving a student or guest who has a food allergy or special dietary need. To begin the teamwork process it would be helpful for us to know about your food related dietary needs.

Please fill out the bottom of this page if you have a food allergy, food intolerance or a special dietary need while on Hesston College campus. If additional information is needed to assist our staff in providing food safely, you may also be asked for additional medical information signed by a physician. If you should have any questions, please call (620) 327-8178.
